Greetings!

This orientation booklet will help you prepare to begin studies at Indiana University. It is also available on our website as a linking PDF, along with other orientation details.

Please feel free to contact us if you have questions. We look forward to having you as a student in our department and school.

- Rhonda Spencer, Director of Admissions and Communication
e-mail: spencerr@indiana.edu  phone: (812) 855-2666
- Corey Tarbell, Admissions Coordinator and Recorder
e-mail: ctarbell@indiana.edu  phone: (812) 856-7214
- Levi Olmstead, Student Services Assistant
e-mail: lolmstea@indiana.edu  phone: (812) 855-2018

Note:

We hope we have provided the most accurate information available. However, some things will change before classes begin. Please use this booklet as an introduction and to help you plan. Double-check important details.

We would like to welcome all incoming Library Science, Information Science, and Data Science students. We are excited to start a new school year, and wish for everyone to have a fun and productive year.

Register for Classes

**How do I register for classes?**

Students register for classes using One.IU (a web-based registration service). The process is free for initial registration and for any schedule adjustment within two working days after your initial registration. There is an $8.50 drop/add access fee for any schedule changes made after the first two working days following registration.

**One.IU**

[one.iu.edu](http://one.iu.edu)

Before you register, check the ILS Schedule of Classes to identify the course number and the class number for each course in which you intend to register. You should also check for any course notes, as some courses have prerequisites or require authorization. It is also a good idea to check the ILS Schedule of Classes before
classes start in case there have been changes in the class schedule. http://www.ils.indiana.edu/courses/
You will need your IU network ID username and passphrase to log into the One.IU system: https://itaccounts.iu.edu/
Additional steps on how to register are available through the UITS Knowledge Base: http://www.kb.iu.edu/data/anig.html

University ID Number
The ILS Office will include your University ID Number in one of the ILS Orientation mailings. You can also call or email the ILS Office at 812.855.2018 or toll-free 888.335.7547 - (email: ilsmain@indiana.edu) - with questions.
You can also locate your University ID Number in the OneStart system. Use the ‘Personal Information’ channel in the Self-Service tab.

When can I register for classes?
Incoming students at ILS are encouraged to register early. You should contact your ILS faculty advisor prior to registration for advice on course selection.
Most students should be able to register after May 1st for the following Fall Semester - and/or after about 6 weeks from your date of admission.

New international students will register during the orientation period. Dual degree students should confer with their non-ILS department for registration clarification.

The OneStart system will include a registration appointment time. You will be able to register at that time or later.

Registration Help (IU Office of the Registrar)
Web Address: http://registrar.indiana.edu
E-mail Assistance: RegHelp@indiana.edu
General Phone: 812.855.0121
Registration Helpline: 812.855.8200

Core Course - Grade Requirement

Information and Library Science
No course in which a student receives a grade lower than C (2.0) will be counted toward requirements for any ILS degree. Any required course on which a grade lower than B- is received must be repeated; an elective course in which an unacceptable grade is earned need not be repeated, but it may be repeated or another course must be taken in its place. Repeating a course in which the student received an unacceptable grade or taking another in its place does not remove the credit points for that course from a student’s cumulative grade point average. All grades achieved in ILS courses will be counted in the ILS and IU GPA. Because a minimum GPA of 3.0 (B) is required for graduation, any grade below B must be balanced by another sufficiently above B to keep the GPA at the 3.0 level.

Data Science
For information about core course grade requirements, visit the SoIC Bulletin page on Academic Policies here: http://bulletins.iu.edu/iub/soic/2014-2015/policies/graduate/academic-standing.shtml
Residency Classification and Immunization

The Office of the Registrar handles student Residency Classification and Immunization processes. Please contact them (812.855.0121) or (registrar@indiana.edu) if you have any questions.
http://registrar.indiana.edu/

Student ID (Campus Access) Card

Indiana University’s Campus Access card is your
• Official Indiana University Photo ID
• Indiana University Library Card
• Universal Bus Pass
• Recreational Sports Pass, and more. ...

You can deposit money to your card and use it at campus food services, vending machines, and copy machines. Get your card at one of the Campus Card Service Centers when you arrive on campus. You should be eligible to get a card about one week before classes begin.

Campus Card Service Centers:
IMU (Indiana Memorial Union), 1st Floor, IU Bookstore (812.855.1711)
Eigenmann Residence Center, 1910 E. 10th St. (812.855.8711)
http://www.cacard.indiana.edu/cacard

Tuition and Mandatory Fees

In addition to tuition, students pay other fees that help provide resources. For more information, visit: http://bursar.indiana.edu

<table>
<thead>
<tr>
<th>You pay this</th>
<th>With your student ID, you receive</th>
</tr>
</thead>
<tbody>
<tr>
<td>Activity Fee</td>
<td>All athletic events (except football and men’s basketball) are free during the regular season with a valid IU student ID. Reduced student rates are available for the Jacobs School of Music School performances including concerts, ballet, and opera; Department of Theatre and Drama productions; and most Auditorium events. Contact the performance venue for more information. The fee also provides unlimited access to Recreational Sports facilities, including the Wildemuth Intramural Center (WIC) and the Student Recreational Sports Center (SRSC).</td>
</tr>
<tr>
<td>Student Health Fee</td>
<td>The student health fee provides many free and discounted services at the Indiana University Health Center. Benefits include a reduced charge of $18 for routine medical clinic visits, two free visits (excluding psychiatry) to Counseling and Psychological Services (CAPS) each semester, free prescheduled appointments to the women’s clinic, and several free or discounted services available through the Health and Wellness clinic, such as fitness assessments. More information can be found at <a href="http://healthcenter.iub.edu/about/fees-payments.shtml">http://healthcenter.iub.edu/about/fees-payments.shtml</a>.</td>
</tr>
</tbody>
</table>
### Technology Fee

The technology fee provides free technology workshops (http://ittraining.iu.edu) and self-paced training options (http://ittraining.iu.edu/online). Free or reduced cost software available through IU Ware, either online (iuware.indiana.edu) or at IU. The fee also funds Student Technology Center computing labs (http://stcweb.stc.indiana.edu/Framework/apps/public), including 24-hour access at the Wells Library Learning Commons (http://uits.iu.edu/page/alhn).

### Temporary Repair & Rehab Fee

This fee has been established “to help cover the cost of necessary repair work and ongoing maintenance costs for IU’s 900 buildings and associated infrastructure.

### Transportation Fee

Both Bloomington Transit (http://www.bloomingtontransit.com) and the Campus Bus (http://www.iubus.indiana.edu) services are free with a valid IU student ID. Service from campus includes routes to College Mall, downtown, several apartment complexes, and the stadium parking lots. You can park at the stadium with a valid ‘E’ parking permit and ride free to campus. See their websites for full route information.

---

### Academic Honesty

Academic honesty is important at Indiana University. This section will introduce you to the expectations of being a graduate student and the resources to help you be successful. Always discuss course concerns and responsibilities with your professors.

#### Code of Academic Ethics (excerpts from the IU Schedule of Classes):

Preamble: The central functions of an academic community are learning, teaching, and scholarship. They must be characterized by reasoned discourse, intellectual honesty, mutual respect, and openness to constructive change. By accepting membership in this community, an individual neither surrenders rights nor escapes fundamental responsibilities to the entire University community.

#### Code of Student Rights, Responsibilities, & Conduct

http://www.iu.edu/~code/index.shtml

Preamble: ...Individual rights are best protected by a collective commitment to mutual respect.

Policy of Academic and Personal Misconduct (see Parts III and IV): Faculty are required to report all incidents of academic misconduct to the Dean of Students and may report incidents of personal misconduct, such as classroom incivility.

Plagiarism (see Part III): A student must not adopt or reproduce ideas, words, or statements of another person without appropriate acknowledgment. A student must give credit to the originality of others and acknowledge indebtedness whenever he or she does any of the following:

- a. Quotes another person’s actual words, either oral or written;
- b. Paraphrases another person’s words, either oral or written;
- c. Uses another person’s idea, opinion, or theory; or
- d. Borrows facts, statistics, or other illustrative material, unless the information is common knowledge.

If you want more information or if you have any questions about student responsibilities and campus codes of conduct, please contact:

- Student Ethics and Anti-Harassment Programs http://www.dsa.indiana.edu/ethics.html
- Student Advocates Office http://studentaffairs.iub.edu/advocates/

#### Citing Sources

ILS students need to use correct citation methods in their research. Use a style manual when preparing
Computing Ethics

“Computer Users’ Privileges and Responsibilities – Ethical Usage” reminds that “computing resources and network capacity should be used in accordance with the high ethical standards of the University community as described in the Code of Student Ethics.”

Technology Overview

Because information technology plays a pivotal role in research, instruction and course work at Indiana University, ILS is dedicated to providing students, faculty and staff with reliable access to advanced computer systems. In addition to providing access to Indiana University’s central computing systems, ILS maintains its own UNIX, Windows and Macintosh servers and workstations.

Indiana University has a strong technology infrastructure including a high-speed campus network with wireless access. http://uits.iu.edu/

ILS Computer Labs

Computers in the ILS labs are password protected and use is restricted to students taking ILS classes.

ILS Information Commons Shepherd Lab

Located in Room 002, this lab has 17 PCs running Windows 7 and 6 Macs running OS X.

ILS Information Commons Mac Lab

In the back section of Room 002, there is a 28-station Mac OS X lab that is used for ILS lab courses. It is available for use by ILS students when a class is not in session. These machines also run Virtualization Software (Virtual PC), which allows them to run Windows and selected Windows applications.

ILS Computer Support

The ILS Information Technology Staff provides computing support to the school’s students, faculty and staff. Their offices are located in the ILS Information Commons (Room 002).

Programming, Web, and CGI development environments

ILS maintains a UNIX server that provides an excellent programming environment, particularly for Java, Python, PHP, XML, Perl, and other advanced technologies used to create cutting-edge website. Students are automatically assigned Ella/Iris accounts.

How do I log on to the computers at ILS?

The IU Registrar will send a list of all students enrolled in ILS for each coming term. Only students on this list can log into ILS computers. The new list should be active on the first day of classes. If you register or create your accounts late, you will not be on the list. In that case, first get your IU Bloomington accounts, and then stop by the ILS Technology Offices (Room 002) to have your username added to “the list” to gain access to ILS computers. Pick your platform (Mac or PC) and log on using the directions that follow.

On the Windows PCs:

- Press CTRL-ALT-DELETE
- Type your IUB ADS Domain username in the username field. Your IUB ADS Domain username will be the same as your network ID username.
- Then type your IUB ADS Domain password in the password field. This password is case sensitive so make certain you enter it correctly. The IUB ADS Domain
password should be the same as your network ID password.

- Make certain the Domain field is set to ADS.
- Click OK to log on.

**On the Macs:**

- Type your UITS network ID username in the username field.
- Type your UITS network ID password in the password field.
- Click Login to log on.

**UITS (University Information Technology Services)**

Indiana University has a strong technology infrastructure (and has been ranked as one of the “most wired” and “most wireless” campuses). The UITS Support Center has a help line (812.855.6789) available 24 hours a day/7 days a week, and can also be reached via email at ithelp@indiana.edu. They also offer an online knowledge base, and a help desk located upstairs in the Wells Library Information Commons.

- UITS Home Page [http://uits.iu.edu](http://uits.iu.edu)
- Wireless Connections [http://kb.iu.edu/data/akbr.html](http://kb.iu.edu/data/akbr.html)

**Purchasing Technology**

The IU Bookstore’s Computer Store is located in the Indiana Memorial Union. It carries software available at student rates. IU Ware can be downloaded for free online. IU also has numerous partnerships with hardware and software vendors that offer discounted rates for student purchases. uits.iu.edu

**IU Student Technology Accounts**

Registration, access to ILS technology, and e-mail require an IU network ID and password. Once these are created, you can register for classes. If you wish to set up your accounts on campus, you can go to the Wells Library, Information Commons for assistance. However, it will be more efficient to establish your accounts before you arrive on campus so you can register as soon as possible for your first semester of classes. International students may have to wait until arrival on campus to set up their accounts.

After you have been admitted to Indiana University (about four weeks after admission), you can use the online Account Management Service (AMS) to create:

- IU Network ID (your electronic identity at IU, consisting of a username and a password)
- ADS Domain account
- IU printer account
- IU e-mail account

The entire process takes approximately 10–15 minutes.

To use the Account Management System (AMS), you will need your IU student ID number. (Contact the ILS Office if you do not have this number yet.)

**Creating Student Technology Accounts for the IU Network**

To access the AMS go to: itaccounts.iu.edu

- Select STUDENT
- Click on CREATE MY FIRST IU COMPUTING ACCOUNTS AND PASSWORDS

You may also set up your IU Printer Account from this page by following the link to “Create more IU computing accounts” from the homepage.
Box Cloud Storage and File Sharing
IU and UITS have partnered with the cloud storage service Box to provide unlimited file storage for IU students, faculty, and staff. Box also allows file sharing and collaborative editing capabilities. For more information about Box, please see the following links:

Box at IU  https://uits.iu.edu/box

UITs Workshops
UITs-sponsored workshops are offered throughout the year. IT Training workshop sessions are free (costs covered in part by your student technology fee) and it is recommended that you sign up for workshops in advance. Workshops typically run anywhere from 75 minutes to four hours in length, and focus on topics such as the Microsoft Office Suite, Adobe Creative Suite, HTML, programming, and more. Free online tutorials in technology are also available through UITS.

http://ittraining.iu.edu

Libraries (Indiana University)
The Indiana University Libraries are regularly ranked in the top 15 in the country. There are a number of branch libraries (art, law, rare books, business, etc.) on campus.

http://libraries.iub.edu/

ILS is located on the ground floor of the Wells Library Building. The IU Information Commons is located on the first floor of the Wells Library. It is open 24/7 and provides group and individual computer work-stations, special printers and plotters, and multimedia equipment. Library reference staff members and UITS technology consultants are available to help.

Library and Database Workshops
IU librarians offer a variety of workshops on core research tools and other topics. Registration is needed for these one-hour sessions.

http://libraries.iub.edu/workshops

Listservs: ILS, Data Science & SoIC
Listservs are the primary way of communicating ILS-related information. Students should subscribe to the three listed below, as well as always checking emails from school-wide listservs. Details (including how to post messages and how to unsubscribe) can be found on the ILS website - Technology Section:  http://www.ils.indiana.edu/technology/slis-listserv.html

ILS-L (Required for ILS students)
ILS-L was established to facilitate department-related communication among faculty, staff, and students. Announcements include information regarding class schedules, course registration, advising, notices about programs and professional meetings, notices of publications and professional activities, part-time job opportunities for ILS students, etc.

To subscribe to ILS-L:
• Send an e-mail message to: iulist@indiana.edu
• Leave the subject line blank. In the body of your message type:
  subscribe ILS-L firstname lastname
• IU List will send an email with instructions to complete your subscription.
Your command will be cancelled automatically if IU List does not receive your confirmation within 48 hours.
**ILS-STUDENTS-L**

This listserv was created to help welcome new students and to provide additional communication for current students. This listserv provides a way to exchange information about apartments, mechanics, doctors, dentists, used books, etc. It is a great place to post your questions about life in Bloomington and at Indiana University.

To subscribe to ILS-Students-L:

- Send an e-mail message to: iulist@indiana.edu
- Leave the subject line blank. In the body of your message type:
  subscribe ILS-STUDENTS-L first name last name
- IU List will send an email with instructions to complete your subscription.

Your command will be cancelled automatically if IU List does not receive your confirmation within 48 hours.

**ILS-JOBS-L**

ILS-JOBS-L is moderated by Associate Dean Howard Rosenbaum to help disseminate full-time job postings of interest to ILS students and alumni. The list is moderated and is a broadcast list – jobs and internships will be posted but there will be no discussions. Reading job ads can help you understand the current trends in the profession. Please visit SoIC Careers for a more targeted list of full-time and internship opportunities from companies that have previously hired IU students - http://www.soic.indiana.edu/career/

To subscribe to ILS-JOBS-L

- Send an e-mail message to: iulist@indiana.edu
- Leave the subject line blank. In the body of your message type:
  subscribe ILS-JOBS-L first name last name
- IU List will send an email with instructions to complete your subscription.
- Your command will be cancelled automatically if IU List does not receive your confirmation within 48 hours.

**DATA-SCI-L**

All Data Science students will be subscribed to this listserv, which is managed by Dr. Howard Rosenbaum.

**SoIC Listservs**

The School of Informatics and Computing has a number of wonderful resources available to students, and listservs for a variety of purposes. Students will be automatically subscribed to several SoIC listservs.

University policy concerning electronic mailing lists requires that they be used for research or education activities and that the list owner monitor the list’s content to ensure that it is serving its intended purpose.

**Lockers**

ILS offers lockers are offered as an optional service for our students. Lockers can be rented for $60 a year by master’s students. Or, you can rent by semester:

- Fall Semester = $20.
- Spring Semester = $20.
- Summer Sessions 1 & 2 = $20.

Sign up in the ILS Office, Room 011, for locker rentals. Charges will be added to your Bursar account.
**Student Groups**

ILS students have formed local student chapters of professional organizations. These groups provide a good way to network, learn about professional issues in the field and build up your résumé. Take an active role. Learn more at http://www.ils.indiana.edu/students.

**American Library Association (ALA)**

   Sponsors: Courtney McDonald (crgreene@indiana.edu) and Staša Milojević (smilojev@indiana.edu)

**American Society for Information Science and Technology (ASIS&T)**

   Sponsor: Howard Rosenbaum (hrosenba@indiana.edu)

**Association for Computing Machinery (ACM)**

   Sponsor: Noriko Hara (nhara@indiana.edu)

**Progressive Librarians Guild (PLG)**

   Sponsor: Ron Day (roday@indiana.edu)

**Society of American Archivists (SAA)**

   Sponsor: Carrie Schwier (clschwie@indiana.edu)

**Society of Art Librarianship Students (SALS)**

   Sponsors: Erika Dowell (edowell@indiana.edu)

**Special Libraries Association (SLA)**

   Sponsor: Brian Winterman (bwinterm@indiana.edu)

**Students of Music Librarianship Group**

   Sponsor: Charles Peters (chpeters@indiana.edu)

There are other helpful student groups at SoIC and Indiana University:

**SoIC Student Groups** http://www.soic.indiana.edu/student-life/groups.html

More information about the various student groups in the School of Informatics and Computing can be found at the link above.

**Graduate and Professional Student Organization (GPSO)** http://www.indiana.edu/~gpso

GPSO is the student government organization for graduate and professional students at IU Bloomington. They offer a wide array of services including social and networking events, information on health insurance, and a housing advertisement board.

**International Student Organizations**

Indiana University has numerous international student groups and organizations. All students are invited to participate. http://ois.indiana.edu/living-working/to-do/organizations.shtml

**Parking and Vehicle Registration**

Register your car, motorcycle, or bicycle with IU Parking Operations, Henderson Parking Garage (310 N. Fess, (812) 855-9848). For more information, visit: http://parking.indiana.edu/parking_operations/default.aspx

The E permit allows you to park at the Stadium and ride the Stadium Express bus with a IU student ID to the Indiana Memorial Union - or - the A bus to ILS (Wells Library). E permits also enable you to park in non-24 hour A or C spots from 5:00 p.m. to 7:00 a.m. Monday-Friday, and all day Saturday and Sunday.
D Permits are available for those living in university housing. Check Residential Programs and Services Parking operations at www.rps.indiana.edu/parking.cfml for more information.

**Bus Services**

The mandatory Transportation Fee allows you to ride both Bloomington Transit (BT) buses and IU Campus buses. In order to ride free, you must present your student ID when you board. The Campus Bus operates on weekdays from 7:30 a.m. to approximately 11:30 p.m. Check their website for weekend schedules. Bloomington Transit routes operate varied hours. See below for routes and schedules:

- Campus Bus Services  http://www.iubus.indiana.edu
- Bloomington Transit  http://www.bloomingtonontransit.com

**Student Jobs: While at Indiana University**

It is a good idea to start thinking about your résumé early. Student jobs (or volunteer positions) can help develop your credentials. Links from the ILS website can help you explore options. Jobs are also posted on the ILS Listservs (so be sure to subscribe).

Samples of job links:
- IU Libraries: http://libraries.iub.edu/libpers
- UITS (IU tech-support jobs): http://it.iu.edu/jobs/
- IU Human Resources (mainly fulltime jobs): http://hr.iu.edu/employment/findjob.html

**Career Services**

Think about career paths and the job searching process throughout your degree program. Student jobs, internships, workshops, and classes can all enhance your résumé.

- SoIC Careers is the online job posting system administered by SoIC Career Services. All of the opportunities posted in this system are from employers looking to specifically recruit Indiana University SoIC students. In SoIC Careers you can search for open positions, apply for jobs online, research employers and perform geographic and job-category specific searches, request interviews with employers interviewing on-campus, search and RSVP for employer-related events, schedule appointments with career advisors, and more. Students can log in using their CAS credentials. SoIC Career Services can be found at http://www.soic.indiana.edu/career
- Connect and set up your own career path with guidance from SoIC’s Assistant Director of Career Services and ILS Alum, Jodie Sackley. Schedule an appointment with Jodie in the “Schedule an Appointment” section of SoIC Careers. The entire SoIC Career Services staff is available to discuss job opportunities, resumes, interviews, and more at the SoIC Career Services office building located at 919 E. 10th St.
- The SoIC website has a page dedicated to career resources for ILS students. Discover previous ILS student jobs, internships, and volunteering - http://www.soic.indiana.edu/career/students/index.html
- Being involved in the Student Chapters of Professional Associations can also help. Learning about professional networks (conferences, listservs, websites, job placement services) will help you in the job search as you near graduation.
